Jana, Germany—16 Year Old Female

Jana is very much looking forward to being an American high school student and experiencing all there is to do. For example, she hopes to have the opportunity to play volleyball, improve her English language skills and learn more about the traditions and culture of the United States. To be able to continue horseback riding would be a wonderful opportunity for her as she sold her horse in order to make her dream of studying in America come true. "I'm feeling very lucky that someone would take me into their home." Jana hopes to become a police officer. Jana will make an excellent big sister and exchange daughter for the family that invites her to join their household.

Aveline, Belgium—18 Year Old Female

Aveline or "Denise" feels truly blessed to have the opportunity to come to the USA! Liking sports in general, she focuses on volleyball, with practices several times a week and matches on weekends. Denise loves all animals but her true passion is horses and horseback riding. She writes about how much she enjoys spending time with friends, being outdoors, and celebrating life! Denise is eager to live with an American family, experience a new culture and more importantly meet new people! (Myke)

Antje, Germany—15 Year Old Female

Antje wants to live life to the fullest and get good grades. In the future Antje would like to be a veterinarian. She volunteers in a pet store learning to work with reptiles. Antje & her family like to sit and have tea and sometimes play table tennis, volleyball or swim. Antje enjoys horseback riding & volleyball and she would like to continue these activities while on exchange. She helps out at home wherever she is asked and also takes care of the family rabbit and cat. Antje loves to laugh and can't wait to meet her host family!

Since 1951, Youth For Understanding (YFU) has helped **American families promote peace** and understanding by hosting students from around the world. Families select international students to live as family members for the school year. Students come with their own spending money, health insurance, English skills and an eagerness to experience life in the United States.
